उद्देश्य

Objectives of Remedial Teaching

Each pupil is different in terms of academic standards, classroom learning, learning ability and academic performance. But some of these children may be less able to organise their perceptions or to comprehend abstract ideas and concepts.

Principles of Helping Pupils with Learning Difficulties

Some important principles which will help a language teacher to deal with students with learning difficulties are

1. Teaching Preparation

Before preparing their lessons, teachers shouldn't wait to identify pupils' diverse learning needs as soon as possible so that they may design appropriate teaching plans to facilitate pupils' effective learning.

2. Devise Various Learning Activities

Teachers must devise different learning activities with the same teaching objective to develop pupils' varied abilities and skills in problem-solving.

Teaching Approaches

Teachers should give concrete and valuable examples before proceeding to abstract concepts by way of simple and easy steps at a pace in line with the learning abilities of pupils.

Provide Clear Instructions

Pupils with learning difficulties are less competent in understanding written language. Therefore, teachers should give pupils short and clear instructions to

Summarise the Main Points

In the course of teaching, teachers should always sum up the main points in teaching and write the key phrases on the board to enhance pupils' audio and visual memories. Teachers can guide their pupils to link up the knowledge they learn from class with their life experiences so as to enhance the effectiveness of learning.

Enhance Learning Interest and Motivation

Pupils' with learning difficulties may lose their interest in learning. Therefore, teachers should adapt the curriculum to meet the needs of pupils.

Strategies of Remedial Teaching

Some of the strategies that teachers must follow in remedial teaching are discussed below

Individualized Educational Program (IEP)

To fulfill the learning needs of individual pupils, the Individualised Educational Program (IEP) aims to reinforce the foundation of learning, help pupils overcome their learning difficulties and develop their potentials.

Peer Support Program

Group assistance

Teachers may train up pupils who perform better in a certain subject to become 'little teachers' and who will be responsible for helping schoolmates with learning difficulties in group teaching and self-study sessions as well as outside class.
